Your Printer Companion, Roland DG Connect

Roland DG Connect is a machine monitoring app that helps you gain a detailed understanding of your entire print operation. It keeps your device* running with optimum print performance to reduce downtime and improve work efficiency. Choose between **3 subscription plans** for the best fit for your business and budget.

Visit www.rolanddg.eu for further information

Always Connected

Roland DG Connect ensures your machine is always ready by providing 24/7 monitoring, useful push notifications, and status and software update alerts.

Always Productive

Stay productive with machine health monitoring to ensure optimal performance and access help when you need it through ChatBot.

Always Insightful

With easy-to-use business and device dashboards, you can gain insights into your job profitability and costs over time.

Reporting and Accessibility

▶ **Job Log and Error Log**
Review print production on one or more connected devices with a built-in job log. Get helpful production information such as print start and end times, feed motor errors, and job information.

▶ **Access to Docs and Guides**
View your manual library with the latest documentation, guides and "help" so that you have all the information you need to get to know your machine and can operate it at the optimum level.

▶ **Warranty Status**
For added peace-of-mind and to avoid warranty issues, instantly view the status of your device warranties and expiration dates.
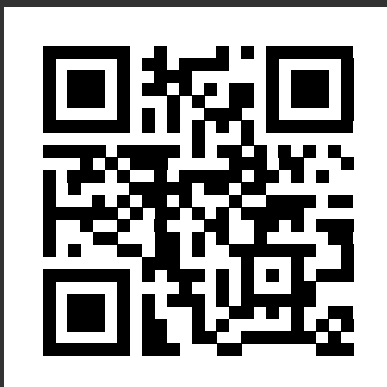

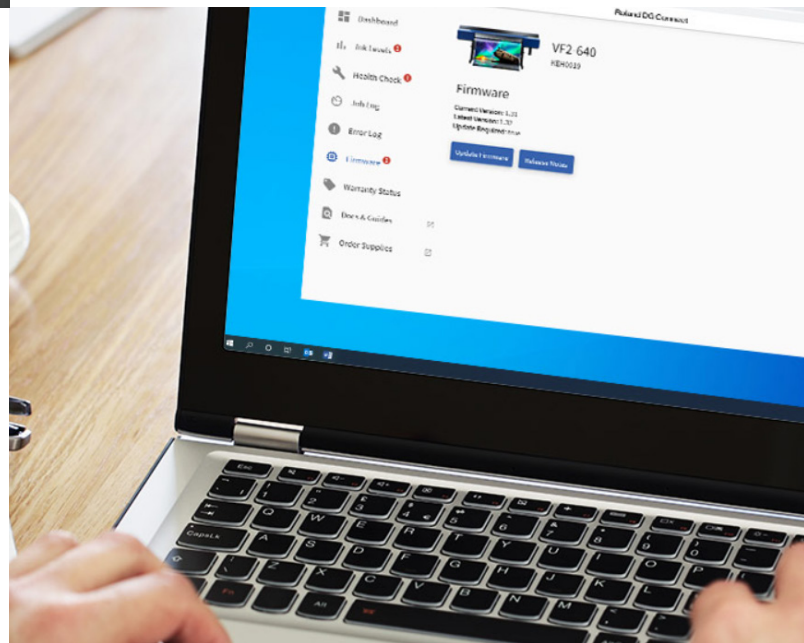

Status and Updates

▶ **Notifications**
Receive notifications that allow you to act quickly and ensure a smooth, seamless print operation.

▶ **Firmware**
Get notified whenever there are updates to your firmware to stay up to date with stable operation, new features, and improved productivity.

▶ **Ink Levels**
Know which inks need replenishing ahead-of-time and effectively plan your ink usage and budget. With an easy, colour-coded view per pigment, you can monitor ink consumption per cartridge.

Download the Roland DG Connect App On Your Device

Monitor your Roland DG printer*, keep it running at optimum print performance, and take your production with you with Roland DG Connect. **Upgrade your plan to unlock advanced dashboards, multiple user accounts, and automatic backups in VersaWorks 6**.
